MODULAR SEATING SERIES

# Hondo Nuevo® Series

A line of unique furniture combining superior durability, comfort and style and includes chair, bench and wedge options that allow for flexible, modular seating arrangements. Hondo Nuevo® is specially designed for facilities where robust products are a must.

**Hondo Nuevo®**  
30" Arm

**Hondo Nuevo®**  
24" Armless

**Hondo Nuevo®**  
30" Armless

**Hondo Nuevo®**  
Wedge Seat

**Hondo Nuevo®**  
Left Arm

**Hondo Nuevo®**  
Right Arm

**Hondo Nuevo®**  
Bench Wedge

Available in Molded Plinth Base, Wood legs and Steel legs.

# Robust Durability

---

Smooth, exterior surface is impervious to fluids and highly puncture resistant, yet easy to clean and sanitize. Fabricated drip edge allows moisture to run off the chair and not into the base.

**Hondo Nuevo®**  
High Back Chair

**Hondo Nuevo®**  
Footstool

---

**Hondo Nuevo®**  
Cube

---

**Hondo Nuevo®**  
Ottoman

---

**Hondo Nuevo®**  
Bench

---

**Hondo Nuevo®**  
Stool

---

## Features That Matter

### Extreme Durability

The heavy-duty, durable design offers enhanced safety for residents and peace of mind for staff – even when positioned in unsupervised spaces.

### Ergonomic Design

A generous seat width coordinates with appropriate seat and arm height for proper ergonomics, comfortable lumbar support and easy egress – perfect for residents with reduced mobility.

### Peeling and Puncture Resistant

The one-piece, rotationally molded surface is resistant to peeling and punctures, prolonging the product lifetime and helping to maintain a safe environment.

### Tamper Resistant

The base of the chair is fastened with Torx secure hardware that is specially engineered to eliminate exposed edges and mitigate any opportunity for tampering.

### Cushioned Comfort

A flexible polyurethane foam filling provides a comfortable cushion without sacrificing durability.

### Fluid Resistant

The surface material is impervious to fluids for superior infection control and easy sanitization.

### Fabricated Drip Edge

A built-in waterfall edge prevents fluids from running down the side of the chair and into the base. Fluids will instead drip down to the floor and allow for an easier, more thorough sanitization.

### GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.
