Pax

SEATING SERIES

Pax Series

The Pax Seating Series combines superior durability and easy cleanability with its distinctive one-piece, rotationally molded modular design. Four uniquely shaped pieces make it easy to create comfortable, highly customizable lounge areas that are engineered to excel in both indoor and outdoor environments.

Features That Matter

Anti-Ligature Design

The one-piece, roto-molded design eliminates pass throughs and tie offs, thus reducing ligature risk.

Ballastable

Ballasting offers additional security by adding weight, reducing the risk of moving or throwing the chair.

Built-In Drainage

A built-in drainage channel prevents pooling by allowing liquids to flow to the back of the seat and drain off the sides.

Contraband Resistant

Specifically designed without any creases or nooks to mitigate the ability to hide contraband.

Molded-In Glides

Molded-in floor glides protect the floor from scratching without risking the safety of residents and staff.

UV Resistant

Enhanced UV resistant formulation with ultraviolet light stabilizers helps to reduce fading.

Easy Cleanability

Bleach solutions and hospital-grade cleaners can safely be used for sanitation without affecting the surface material or color.

Recyclable

Made from molded polyethylene, this product is recyclable and environmentally friendly.

Rounded Edges

Smooth, rounded edges provide a pleasing aesthetic and contribute to a safe design.

Bolt-Down & Ganging Capability

For additional security, this chair can be anchored to the floor with an optional bolt-down kit or fastened together with an optional ganging kit.

GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.

Extreme Durability

The heavy-duty, durable design offers enhanced safety for residents and peace of mind for staff – even when positioned in unsupervised spaces.
