Fabrication & Material

Components of mixed materials assembled with heavy-duty, tamper resistant hardware.

Components consist of:

Cushion: a non-absorbent vinyl exterior rotationally molded over a tubular steel frame – then filled with soft, polyurethane foam. Frame inside seat cushion is 2¹/₄" diameter horizontal cross tubes structure of 18 gauge steel - to form a rigid interior framework and provide a secure means to connect cushions and end frames, and extend seating to two and three seat groupings.

End frames: 1³/₄" thick butcher-block red oak, rounded for safety, with sealer coat and satin finish coat to protect the wood. Tamper-resistant, nylon-bottom floor levelers inserted into the bottom of the end frames for added security.

Connector tubes: 2" diameter, 14 gauge steel, closed end tubes are inserted into the seat frame tubes to connect the components.

Fasteners: ³/₈" tamper-resistant, Torx-head fastener bolts.

Made in the U.S.A.

Flammability Test Standards

Compliant with the following flammability standards:

- State of California, Technical Bulletin No. 133, Flammability Test Procedure for Seating Furniture for Use in Public Occupancies
- UL1056 Fire Test of Upholstered Furniture
- ASTM E1537 Test Method for Fire Testing of Real Scale Upholstered Furniture Items
- NFPA 261 Cigarette Ignition Resistance of Upholstered Furniture

Performance Test Standards

- Meets or exceeds the requirements of ANSI/BIFMA X5.4-2005.
- Tested to 1,000 lb static load.

Color

Seat: Canyon, Wild Berry, Meadow, Pine Cone, Lagoon, Graphite, Raven

Arms: Natural Red Oak

Options

Intermediate, end, 90° and corner tables

Assembly

Refer to manufacturers instructions for assembly

Installation

None required

Warranty

10 year limited replacement warranty.

Please note that permanent marker ink and dye from denim may become irremovable from the Sierra cushion surface and does not constitute a product defect. If discoloration from these two agents appears, cleaning the furniture item as soon as possible produces the best chance to remove stains.

Maintenance

Seats: For routine and regular cleaning maintenance, Norix recommends the use of Simple Green® or an equivalent cleaning product. For the deep-scrub cleaning of tougher stains, marks and debris, we recommend the use of Clorox® Clean-Up® Cleaner + Bleach or an equivalent cleaning solution. **End Frames**: For wood products, Norix recommends using a mild wood cleaner for routine and regular cleaning maintenance. For the deep-scrub cleaning of tougher stains, marks and debris, we recommend the use of a regular-strength wood cleaner.
