Jupiter

TABLE SERIES

Jupiter Series

Sometimes you want a table that is easy to move around. Other times, you'd like that table to stay in one place, but you don't want to bolt it to the floor. Jupiter is designed to be weighted on site to maintain space flexibility and allow for efficient floor maintenance as the needs of an environment change. Loading the base with up to 200 pounds of sand keeps the table solidly in one place. It can still be moved, but not hurled.

Square Top
36" & 42"

Round Top
36", 42" & 48"

Features That Matter

Secure Molded Edge

The molded edge is radiused for comfort and pressure fused to the extra strength top, making it permanently fixed, highly sanitary and pick resistant.

Rounded Edges

Smooth, rounded edges provide a pleasing aesthetic and contribute to a safe design.

Extreme Durability

The heavy-duty, durable design offers enhanced safety for residents and peace of mind for staff.

Contraband Resistant

Specifically designed without any creases or nooks to mitigate the ability to hide contraband.

Ballastable

Ballasting offers additional security by adding weight, reducing the risk of moving or throwing.

Easy Cleanability

Bleach solutions and hospital-grade cleaners can safely be used for sanitation without effecting the surface material or color.

Tamper Resistant

The base and top are securely attached with embedded T-nuts and pin-in Torx head security hardware to create a safe, steel-to-steel connection engineered to not loosen over time.
