

Derby Mattress and Pillow Cleaning Instructions

Reccomended

We recommend the following cleaning procedures to ensure the durability of your quality Derby mattresses and pillows:

- Use a hospital-grade cleaner or bleach-water solution on the entire mattress.
- Follow with a final rinse of water only.
- After cleaning, dry the mattress/pillow cover **thoroughly**.

Do not place a wet mattress into bed pans, as moisture may cause fabric damage over time. Damage as a result is NOT covered by warranty.

These instructions are reccomended for all Derby mattress and pillows (Blue, Clear, and Seg-Max) of all sizes.
